INTRODUCTION

The Athletic Trainers Affiliated Credentialing Board licenses and regulates Athletic Trainers. The Athletic Trainers Affiliated Credentialing Board is composed of members of the profession and public members who are appointed by the Governor and confirmed by the Senate.

The Department of Regulation and Licensing is an umbrella agency providing administrative services to various professional boards. Within the department, the Bureau of Health Professions provides administrative services to the Athletic Trainers Affiliated Credentialing Board. Questions about board business may be directed to the credentialing board in care of the Bureau of Health Professions, 1400 East Washington Ave. PO Box 8935, Madison, WI 53708.

This book contains statutes and rules relevant to the regulation and practice of athletic trainers. To assist in using these materials, a subject index is included at the end of this book. Only a limited number of statutes and rules are included in this book.

The development of the law in this area is ongoing. Therefore, these rules and statutes may be revised subsequent to the printing of this book. Most local libraries maintain current sets of Wisconsin Administrative Code and the Wisconsin Statutes. These documents as well as other state publications are available from the Department of Administration, Document Sales Division, PO Box 7840, Madison, WI 53707.

SUBCHAPTER I.

GENERAL PROVISIONS.

15.001 Declaration of policy. (1) THREE BRANCHES OF GOVERNMENT. The "republican form of government" guaranteed by the U.S. constitution contemplates the separation of powers within state government among the legislative, the executive and the judicial branches of the government. The legislative branch has the broad objective of determining policies and programs and review of program performance for programs previously authorized, the executive branch carries out the programs and policies and the judicial branch has the responsibility for adjudicating any conflicts which might arise from the interpretation or application of the laws. It is a traditional concept of American government that the 3 branches are to function separately, without intermingling of authority, except as specifically provided by law.

(2) GOALS OF EXECUTIVE BRANCH ORGANIZATION. (a) As the chief administrative officer of the state, the governor should be provided with the administrative facilities and the authority to carry out the functions of the governor's office efficiently and effectively within the policy limits established by the legislature.

(b) The administrative agencies which comprise the executive branch should be consolidated into a reasonable number of departments and independent agencies consistent with executive capacity to administer effectively at all levels.(c) The integration of the agencies in the executive branch should be on a functional basis, so that programs can be coordinated.

(d) Each agency in the executive branch should be assigned a name commensurate with the scope of its program responsibilities, and should be integrated into one of the departments or independent agencies of the executive branch as closely as the conflicting goals of administrative integration and responsiveness to the legislature will permit.

(3) GOALS OF CONTINUING REORGANIZATION. Structural reorganization should be a continuing process through careful executive and legislative appraisal of the placement of proposed new programs and the coordination of existing programs in response to changing emphasis or public needs, and should be consistent with the following goals:

(a) The organization of state government should assure its responsiveness to popular control. It is the goal of reorganization to improve legislative policy-making capability and to improve the administrative capability of the executive to carry out these policies.

(b) The organization of state government should facilitate communication between citizens and government. It is the goal of reorganization through coordination of related programs in function-oriented departments to improve public understanding of government programs and policies and to improve the relationships between citizens and administrative agencies.

(c) The organization of state government shall assure efficient and effective administration of the policies established by the legislature. It is the goal of reorganization to promote efficiency by improving the management and coordination of state services and by eliminating overlapping activities.

History: 1991 a. 316.

(b) Except as provided in s. 610.70 (3) and (5), unless authorized by a court of record, the recipient of any information under par.(a) shall keep the information confidential and may not disclose identifying information about the patient whose patient health care records are released.

(c) Notwithstanding sub.(1), patient health care records shall be released to appropriate examiners and facilities in accordance with ss. 971.17 (2) (e), (4) (c) and (7) (c), 980.03 (4) and 980.08 (3). (b) Notwithstanding sub.(1), an optometrist who examines a patient whose vision in the optometrist's judgment affects the patient's ability to exercise reasonable and ordinary control over a motor vehicle may report the patient's name and other information relevant to the condition to the department of transportation without the informed consent of the patient.

History: 1979 c. 221; 1983 a. 398; 1985 a. 29, 241, 332, 340; 1987 a. 40, 70, 127, 215, 233, 380, 399; 1989 a. 31, 102, 334, 336; 1991 a. 39; 1993 a. 16, 27, 445, 479; 1995 a. 98, 169, 417; 1997 a. 35, 114, 231, 272, 292, 305; 1999 a. 32, 78, 83, 114, 151; 2001 a. 38, 59, 69, 105.

Because under s. 905.04 (4) (f) there is no privilege for chemical tests for intoxication, results of a test taken for diagnostic purposes are admissible in an OMVWI trial without patient approval. *City of Muskego v. Godec*, 167 Wis. 2d 536, 482 N.W.2d 79 (1992).

Patient billing records requested by the state in a fraud investigation under s. 46.25 [now s. 49.22] may be admitted into evidence under the exception to confidentiality found under sub. (2) (a) 3. *State v. Allen*, 200 Wis. 2d 301, 546 N.W.2d 517 (1996).

This section does not restrict access to medical procedures and did not prevent a police officer from being present during an operation. *State v. Thompson*, 222 Wis. 2d 179, 585 N.W.2d 905 (Ct. App. 1998).

The provision of confidentiality for patient health records is not an absolute bar to the release of information without the patient's informed consent. Sub. (2) provides numerous exceptions. Information of previous assaultive behavior by a nursing home resident was not protected by the physician-patient privilege and was subject to release by "lawful court order." *Crawford v. Care Concepts, Inc.* 2001 WI App 45, 243 Wis. 2d 119, 625 N.W.2d 876. Disclosure of patient health care records in Wisconsin. *Lehner, WBB Aug. 1984.*

(b) Receive a copy of the patient's health care records upon payment of fees, as established by rule under sub.(3m).

(3m) (a) The department shall, by rule, prescribe fees that are based on an approximation of actual costs. The rule shall also permit the health care provider to charge for actual postage or other actual delivery costs. In determining the approximation of actual costs for the purposes of this subsection, the department may consider all of the following factors: 1. Operating expenses, such as wages, rent, utilities, and duplication equipment and supplies. 2. The varying cost of retrieval of records, based on the different media on which the records are maintained. 3. The cost of separating requested patient health care records from those that are not requested. 4. The cost of duplicating requested patient health care records. 5. The impact on costs of advances in technology.

(b) By January 1, 2006, and every 3 years thereafter, the department shall revise the rules under par.(a) to account for increases or decreases in actual costs.

(c) Intentionally destroy or damage records in order to prevent or obstruct an investigation or prosecution.

Sub. (1) (b) does not preclude certification of a class action in a suit to recover unreasonable fees charged for copies of health care records. *Cruz v. All Saints Healthcare System, Inc.* 2001 WI App 67, 242 Wis. 2d 432, 625 N.W.2d 344.

(b), except that consent to testing is not required for any of the following:

1. Except as provided in subd. 1g., a health care provider who procures, processes, distributes or uses a human body part or human tissue donated as specified under s. 157.06 (6) (a) or (b) shall, without obtaining consent to the testing, test for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV in order to assure medical acceptability of the gift for the purpose intended. The health care provider shall use as a test for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV a test or series of tests that the state epidemiologist finds medically significant and sufficiently reliable to detect the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV. If the validated test result of the donor from the test or series of tests performed is positive, the human body part or human tissue donated for use or proposed for donation may not be used.

2. The department, a laboratory certified under 42 USC 263a or a health care provider, blood bank, blood center or plasma center may, for the purpose of research and without first obtaining written consent to the testing, subject any body fluids or tissues to a test for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV if the testing is performed in a manner by which the identity of the test subject is not known and may not be retrieved by the researcher.

3. The medical director of a center for the developmentally disabled, as defined in s. 51.01 (3), or a mental health institute, as defined in s. 51.01 (12), may, without obtaining consent to the testing, subject a resident or patient of the center or institute to a test for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV if he or she determines that the conduct of the resident or patient poses a significant risk of transmitting HIV to another resident or patient of the center or institute.

4. A health care provider may subject an individual to a test for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV, without obtaining consent to the testing from the individual, if all of the following apply:

a. The individual has been adjudicated incompetent under ch. 880, is under 14 years of age or is unable to give consent because he or she is unable to communicate due to a medical condition.

b. The health care provider obtains consent for the testing from the individual's guardian, if the individual is adjudicated incompetent under ch. 880; from the individual's parent or guardian, if the individual is under 14 years of age; or from the individual's closest living relative or another with whom the individual has a meaningful social and emotional relationship if the individual is not a minor nor adjudicated incompetent.

No sample used for laboratory test purposes under this subdivision may disclose the name of the test subject, and, notwithstanding

Sub. (4) (c), the test results may not be made part of the individual's permanent medical record.

7. a. If all of the conditions under subd. 7. ai. to c. are met, an emergency medical technician, first responder, fire fighter, peace officer, correctional officer, person who is employed at a secured correctional facility, as defined in s. 938.02 (15m), a secured child caring institution, as defined in s. 938.02 (15g), or a secured group home, as defined in s. 938.02 (15p), state patrol officer, jailer or keeper of a jail or person designated with custodial authority by the jailer or keeper who, during the course of providing care or services to an individual; or a peace officer, correctional officer, state patrol officer, jailer or keeper of a jail or person designated with custodial authority by the jailer or keeper who, while searching or arresting an individual or while controlling or transferring an individual in custody; or a health care provider or an employee of a health care provider who, during the course of providing care or treatment to an individual or handling or processing specimens of body fluids or tissues of an individual; or a staff member of a state crime laboratory who, during the course of handling or processing specimens of body fluids or tissues of an individual; is significantly exposed to the individual may subject the individual's blood to a test or a series of tests for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV and may receive disclosure of the results.

ai. The affected person uses universal precautions, if any, against significant exposure, and was using universal precautions at the time that he or she was significantly exposed, except in those emergency circumstances in which the time necessary for use of the universal precautions would endanger the life of the individual.

ak. A physician, based on information provided to the physician, determines and certifies in writing that the affected person has been significantly exposed. The certification shall accompany the request for testing and disclosure. If the affected person who is significantly exposed is a physician, he or she may not make this determination or certification. The information that is provided to a physician to document the occurrence of a significant exposure and the physician's certification that an affected person has been significantly exposed, under this subd. 7. ak., shall be provided on a report form that is developed by the department of commerce under s. 101.02 (19) (a) or on a report form that the department of commerce determines, under s. 101.02 (19) (b), is substantially equivalent to the report form that is developed under s. 101.02 (19) (a).

am. The affected person submits to a test for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV, as soon as feasible or within a time period established by the department after consulting guidelines of the centers for disease control of the federal public health service, whichever is earlier.

ap. Except as provided in subd. 7. av. to c., the test is performed on blood that is drawn for a purpose other than testing for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV.

ar. The individual, if capable of consenting, has been given an opportunity to be tested with his or her consent and has not consented.

at. The individual has been informed that his or her blood may be tested for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV; that the test results may be disclosed to no one, including that individual, without his or her consent, except to the person who is certified to have been significantly exposed; that, if the person knows the identity of the individual, he or she may not disclose the identity to any other person except for the purpose of having the test or series of tests performed; and that a record may be kept of the test results only if the record does not reveal the individual's identity.

av. If blood that is specified in subd. 7. ap. is unavailable, the person who is certified under subd. 7. ak. to have been significantly exposed may request the district attorney to apply to the circuit court for his or her county to order the individual to submit to a test or a series of tests for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV and to disclose the results to that person. The person who is certified under subd. 7. ak. to have been significantly exposed shall accompany the request with the certification under subd. 7. ak.

b. Upon receipt of a request and certification under the requirements of this subdivision, a district attorney shall, as soon

as possible so as to enable the court to provide timely notice, apply to the circuit court for his or her county to order the individual to submit to a test or a series of tests as specified in subd. 7. a., administered by a health care professional, and to disclose the results of the test or tests as specified in subd. 7. c.

c. The court shall set a time for a hearing on the matter under subd. 7. a. within 20 days after receipt of a request under subd. 7. b. The court shall give the district attorney and the individual from whom a test is sought notice of the hearing at least 72 hours prior to the hearing. The individual may have counsel at the hearing, and counsel may examine and cross-examine witnesses. If the court finds probable cause to believe that the individual has significantly exposed the affected person, the court shall, except as provided in subd. 7. d., order the individual to submit to a test or a series of tests for the presence of HIV, antigen or non-antigenic products of HIV or an antibody to HIV. The court shall require the health care professional who performs the test or series of tests to refrain from disclosing the test results to the individual and to disclose the test results to the affected person and his or her health care professional. No sample used for laboratory test purposes under this subd. 7. c. may disclose the name of the test subject.

d. The court is not required to order the individual to submit to a test under subd. 7. c. if the court finds substantial reason relating to the life or health of the individual not to do so and states the reason on the record.

7m. The test results of an individual under subd. 7. may be disclosed only to the individual, if he or she so consents, to anyone authorized by the individual and to the affected person who was certified to have been significantly exposed. A record may be retained of the test results only if the record does not reveal the individual's identity. If the affected person knows the identity of the individual whose blood was tested, he or she may not disclose the identity to any other person except for the purpose of having the test or series of tests performed.

American Stores, Co.* 74 F. Supp. 2d 855 (1999).

440.20 Disciplinary proceedings. (1) Any person may file a complaint before the department or any examining board, affiliated credentialing board or board in the department and request the department, examining board, affiliated credentialing board or board to commence disciplinary proceedings against any holder of a credential.

(3) The burden of proof in disciplinary proceedings before the department or any examining board, affiliated credentialing board or board in the department is a preponderance of the evidence.

(4) In addition to any grounds for discipline specified in chs. 440 to 480, the department or appropriate examining board, affiliated credentialing board or board in the department may reprimand the holder of a credential or deny, limit, suspend or revoke the credential of any person who intentionally violates s. 252.14 (2) or intentionally discloses the results of a blood test in violation of s. 252.15 (5) (a) or (5m).

440.205 Administrative warnings. If the department or a board, examining board or affiliated credentialing board in the department determines during an investigation that there is evidence of misconduct by a credential holder, the department, board, examining board or affiliated credentialing board may close the investigation by issuing an administrative warning to the credential holder. The department or a board, examining board or affiliated credentialing board may issue an administrative warning under this section only if the department or board, examining board or affiliated credentialing board determines that no further action is warranted because the complaint involves a first occurrence of a minor violation and the issuance of an administrative warning adequately protects the public by putting the credential holder on notice that any subsequent violation may result in disciplinary action. If an administrative warning is issued, the credential holder may obtain a review of the administrative warning through a personal appearance before the department, board, examining board or affiliated credentialing board that issued the administrative warning. Administrative warnings do not constitute an adjudication of guilt or the imposition of discipline and may not be used as evidence that the credential holder is guilty of the alleged misconduct. However, if a subsequent allegation of misconduct by the credential holder is received by the department or a board, examining board or affiliated credentialing board in the department, the matter relating to the issuance of the administrative warning may be reopened and

disciplinary proceedings may be commenced on the matter, or the administrative warning may be used in any subsequent disciplinary proceeding as evidence that the credential holder had actual knowledge that the misconduct that was the basis for the administrative warning was contrary to law. The record that an administrative warning was issued shall be a public record. The contents of the administrative warning shall be private and confidential. The department shall promulgate rules establishing uniform procedures for the issuance and use of administrative warnings.

(2) If, after holding a public hearing, the department determines that a person has engaged in a practice or used a title without a credential required under chs. 440 to 480, the department may issue a special order enjoining the person from the continuation of the practice or use of the title.

(3) In lieu of holding a public hearing, if the department has reason to believe that a person has engaged in a practice or used a title without a credential required under chs. 440 to 480, the department may petition the circuit court for a temporary restraining order or an injunction as provided in ch. 813.

(4) (a) Any person who violates a special order issued under sub.(2) may be required to forfeit not more than \$10,000 for each offense. Each day of continued violation constitutes a separate offense. The attorney general or any district attorney may commence an action in the name of the state to recover a forfeiture under this paragraph.

(b) Any person who violates a temporary restraining order or an injunction issued by a court upon a petition under sub.(3) may be fined not less than \$25 nor more than \$5,000 or imprisoned for not more than one year in the county jail or both.

(2) In any disciplinary proceeding against a holder of a credential in which the department or an examining board, affiliated credentialing board or board in the department orders suspension, limitation or revocation of the credential or reprimands the holder, the department, examining board, affiliated credentialing board or board may, in addition to imposing discipline, assess all or part of the costs of the proceeding against the holder. Costs assessed under this subsection are payable to the department. Interest shall accrue on costs assessed under this subsection at a rate of 12% per year beginning on the date that payment of the costs are due as ordered by the department, examining board, affiliated credentialing board or board. Upon the request of the department of regulation and licensing, the department of justice may commence an action to recover costs assessed under this subsection and any accrued interest.

(3) In addition to any other discipline imposed, if the department, examining board, affiliated credentialing board or board assesses costs of the proceeding to the holder of the credential under sub.(2), the department, examining board, affiliated credentialing board or board may not restore, renew or otherwise issue any credential to the holder until the holder has made payment to the department under sub.(2) in the full amount assessed, together with any accrued interest.

(2) The intent of the department in adopting rules in this chapter is to protect the public from credential holders who are impaired by reason of their abuse of alcohol or other drugs. This goal will be advanced by providing an option to the formal disciplinary process for qualified credential holders committed to their own recovery. This procedure is intended to apply when allegations are made that a credential holder has practiced a profession while impaired by alcohol or other drugs or when a credential holder contacts the department and requests to participate in the procedure. It is not intended to apply in situations where allegations exist that a credential holder has committed violations of law, other than practice while impaired by alcohol or other drugs, which are substantial. The procedure may then be utilized in selected cases to promote early identification of chemically dependent professionals and encourage their rehabilitation. Finally, the department's procedure does not seek to diminish the prosecution of serious violations but rather it attempts to address the problem of alcohol and other drug abuse within the enforcement jurisdiction of the department.

(3) In administering this program, the department intends to encourage board members to share professional expertise so that all boards in the department have access to a range of professional expertise to handle problems involving impaired professionals.

The general powers under this section apply to all communicable diseases listed in Appendix A of this chapter and any other infectious disease which the chief medical officer deems poses a threat to the citizens of the state.

(2) **PERSONS WHOSE SUBSTANTIATED CONDITION POSES A THREAT TO OTHERS.** A person may be considered to have a contagious medical condition which poses a threat to others if that person has been medically diagnosed as having any communicable disease and exhibits any of the following:

(a) A behavior which has been demonstrated epidemiologically to transmit the disease to others or which evidences a careless disregard for the transmission of the disease to others.

(b) Past behavior that evidences a substantial likelihood that the person will transmit the disease to others or statements of the person that are credible indicators of the person's intent to transmit the disease to others.

(c) Refusal to complete a medically directed regimen of examination and treatment necessary to render the disease noncontagious.

(d) A demonstrated inability to complete a medically directed regimen of examination and treatment necessary to render the disease noncontagious, as evidenced by any of the following:

1. A diminished capacity by reason of use of mood altering chemicals, including alcohol.

2. A diagnosis as having significantly below average intellectual functioning.

3. An organic disorder of the brain or a psychiatric disorder of thought, mood, perception, orientation or memory.

4. Being a minor, or having a guardian appointed under ch. 880, Stats., following documentation by a court that the person is incompetent.

(e) Misrepresentation by the person of substantial facts regarding the person's medical history or behavior, which can be demonstrated epidemiologically to increase the threat of transmission of disease.

(f) Any other willful act or pattern of acts or omission or course of conduct by the person which can be demonstrated epidemiologically to increase the threat of transmission of disease to others.

(3) **PERSONS WHOSE SUSPECTED CONDITION POSES A THREAT TO OTHERS.** A person may be suspected of harboring a contagious medical condition which poses a threat to others if that person exhibits any of the factors noted in sub. (2) and, in addition, demonstrates any of the following without medical evidence which refutes it:

(a) Has been linked epidemiologically to exposure to a known case of communicable disease.

(b) Has clinical laboratory findings indicative of a communicable disease.

(c) Exhibits symptoms that are medically consistent with the presence of a communicable disease.

(f) Reside part time or full time in an isolated or segregated setting which decreases the danger of transmission of the communicable disease.

(g) Be placed in an appropriate institutional treatment facility until the person has become noninfectious.

(5) **FAILURE TO COMPLY WITH DIRECTIVE.** When a person fails to comply with a directive under sub. (4), the official who issued the directive may petition a court of record to order the person to comply. In petitioning a court under this subsection, the petitioner shall ensure all of the following:

(a) That the petition is supported by clear and convincing evidence of the allegation.

(b) That the respondent has been given the directive in writing, including the evidence that supports the allegation, and has been afforded the opportunity to seek counsel.

(c) That the remedy proposed is the least restrictive on the respondent which would serve to correct the situation and to protect the public's health.

(6) **HAZARDS TO HEALTH.** Officials empowered under ss. 250.02 (1), 250.04 (1) and 252.02 (4) and (6), Stats., or under s. 252.03 (1) and (2), Stats., may direct persons who own or supervise real or physical property or animals and their environs, which present a threat of transmission of any communicable disease under sub. (1), to do what is reasonable and necessary to abate the threat of transmission. Persons failing or refusing to comply with a directive shall come under the provisions of sub. (5) and this subsection.

FILING A COMPLAINT

COMPLAINTS AND THE DISCIPLINARY PROCESSED

Board Authority for Professional Discipline

Each of the licensing boards in the department has statutory authority to take disciplinary action against licensees who engage in unprofessional conduct or violate other rules/statutes of the board. Unprofessional conduct typically includes: practicing fraudulently, negligently, or incompetently, practicing while being impaired by alcohol, drugs or mental disability, conviction for a crime related to the licensed practice and similar serious matters.

In taking disciplinary action, boards have the authority to **reprimand** a licensee, to suspend, revoke, or limit a license. The purposes of professional discipline, as defined by the Wisconsin Supreme court, are: 1) to protect the public, 2) to promote the rehabilitation of the licensee, 3) to deter other licensees from engaging in similar conduct and 4) to publicly express disapproval of certain conduct.

How to File A Complaint

Anyone who wishes to file a complaint against a licensee of a board or a complaint involving activity with the jurisdiction of that board should do so in writing. Preferably a complaint form should be completed. Complaint forms are available either through the department or the Examining Board offices at 1400 East Washington Avenue, Madison, Wisconsin, mailing address, P.O. Box 8935, Madison, Wisconsin, 53708. The complaint forms should be completed in detail, including the who, what, when, and where of a situation. The information should be set forth in chronological order as best as it can be recalled. If written documents are involved, copies should be included.

How the Complaint Is Processed

After a complaint is received, it is logged in the department's Division of Enforcement and then screened to determine whether or not the matter is **something over** which the board has jurisdiction; and, if so, to identify the statute or rule that may have been violated. If the board does have jurisdiction, the complaint is assigned to an attorney and investigator for investigation.

The attorney and the investigator confer during the course of the investigation. In addition, a member of the board may be assigned as an advisor in the case. Investigative contacts can be made by telephone, letter, personal interview or any combination of those procedures. The investigation involves gathering relevant facts of the case. Persons with knowledge of the case are contacted. This usually includes the person who made the complaint and the person about whom the complaint was made. If treatment records are involved, they will be obtained. Confidentiality of the records will be maintained as required by law.

Once the investigation is complete, the investigator, attorney and board advisor review the results of the investigation and come to a preliminary decision on whether the case should be closed with no action taken, or whether formal disciplinary action should be commenced.

If the preliminary determination is for case closure, that recommendation, along with relevant findings, is presented by the investigator to the members of the board in closed session at a scheduled board meeting. If the board concurs, the file is closed by board motion. Letters are then sent to the person who filed the complaint and to the licensee, explaining that the case was closed and the reasons for closure.

If the determination by the investigative team is to commence disciplinary action, the Division of Enforcement attorney prepares all necessary documents, including a formal complaint against the licensee, and the matter is scheduled for a hearing.

How The Formal Complaint is Resolved

Disciplinary hearings are conducted by hearing examiners, who are attorneys. While the statutes give the board the authority to preside over hearings without the use of a hearing examiner, most boards request that a hearing examiner be used. Furthermore, if the board members made the decision to issue a complaint, an examiner must be used. This ensures that the prosecutorial and adjudicative functions are separate, and that a fair and impartial decision is made.

The hearing examiner will generally schedule a **pre-hearing** Conference between the parties. The major purposes of the pre-hearing conference are to set forth the issues in the case, determine what matters can be resolved without the need for formal testimony, and to establish a schedule for bringing the matter to hearing. Some of the cases, that may lead to the issuance of a formal complaint, are resolved by stipulation between the parties. Of course, such stipulations are subject to the approval of the board involved.

If a formal hearing is necessary, in most cases the hearing examiner presides over it. All testimony is under oath and transcribed. The parties are expected to call whatever witnesses are necessary. The process is very much like a trial. The length of the hearings can range from a few hours to several days. Once the hearing is complete, the hearing examiner prepares proposed findings of fact, proposed conclusions of law and a proposed decision. This is filed with the board, which reviews the decision and determines whether to affirm, reverse or amend it. If a member of the board participated in the investigation, that person is not involved in the board's decision on the case.

The board's options in disciplinary matters are: dismissing the complaint, reprimanding the licensee, limiting, suspending or revoking the licensee's license, or, in some instances; assessing a Forfeiture against the licensee. Boards do not have the authority to award monetary damages or to get money back that a party may believe is due. If a party is dissatisfied with a board decision, the decision can be appealed to circuit court. A circuit court decision can in turn be appealed to higher courts.

The above steps set forth very generally the process that takes place if a complaint is filed against a licensee of one of the boards attached to the department. Each case is different, and some variations may occur among the boards.
